I have a meeting at MTA and then I'm in training until 3. Shall we say 4 PM?

Hi,

I'm free to chat after 11:30am today. Let me know what time works best for you.

Thanks.

Hi Aaron,

I was out of the office when you called- I'm also generally off Fridays though that may change to Mondays. I'm in the office today if you want to set up a time to chat- that's probably easiest since I'll be in and out of the office. The number is correct- it belongs to Pauline- but I am using it for now.

Hi Tim,

Just tried the temp #, but the voicemail was for a staffer named Colleen.
Was it the right #?

Thanks.

Sure. Though I have very little information to go on- Deborah got some intel from HCD at the State level that the deadline extension is brewing but not confirmed. Other projects are in the same boat as us.

Thanks. 2 years, wow.

Do you have some time to talk tomorrow over the phone to catch me up on the deadline stuff?

Not yet. That won't happen until we have a contractor on board.

I think we can start the maintenance discussion once the project is advertised. Let's plan to meet and have an initial discussion in the second half of February if that works for you? We can schedule something as we get closer.

By the way, the funding deadline may be extended 2 years but that has not yet been confirmed.

Tim,

Do you have a proposed construction schedule that would be included in the advertisement that you'd be able to provide us?

Also, on the maintenance side of the project, when do you think the best time is to begin that discussion again?

Thanks.

Hi Aaron,

Same to you!

We are looking to advertise Feb. 3rd, and actual start of construction would be July.

Hi Tim,

Happy New Year.

I was wondering if the My Fig project has gone out to bid for construction yet?

Thanks,
